

North American Green Rolled Erosion Control Products Meeting

The Erosion Control Technology Council Specification

&

**Federal Highway Administration's Standard Specifications for
Construction of Roads and Bridges on Federal Highway Projects -
FP-03, 2003**

Section 926. – Rolled Erosion Control Products and Cellular Confinement Systems

Section 713.17 Temporary Rolled Erosion Control Products

FHWA Product Category & Description	North American Green RECPs
(a) Type 1.A, Ultra-short term mulch control netting.	No North American Green Product
(b) Type 1.B, Ultra-short term netless erosion control blanket.	No North American Green Product
(c) Type 1.C, Ultra-short term single-net erosion control blanket and open weave textile.	DS75 White Packaging
(d) Type 1.D, Ultra-short term double-net erosion control blanket.	DS150 Red Packaging
(e) Type 2.A, Short term mulch control netting.	No North American Green Product
(f) Type 2.B, Short term netless erosion control blanket.	No North American Green Product
(g) Type 2.C, Short term single-net erosion control blanket and open weave textile.	S75 Yellow Packaging or S75BioNet Light Yellow Packaging
(h) Type 2.D, Short term double-net erosion control blanket.	S150 Orange Packaging or S150BioNet Light Orange Packaging
(i) Type 3.A, Extended term mulch control netting.	No North American Green Product
(j) Type 3.B, Extended term double-net erosion control blanket and open weave textile.	SC150 Blue Packaging or SC150BioNet Light Blue Packaging
(k) Type 4, Long term double-net erosion control blanket or open weave textile.	C125 Brown Packaging or C125BioNet Tan Packaging
Section 713.18 Permanent Rolled Erosion Control Products	
(a) Type 5.A, Permanent turf reinforcement mat	P300 Blue Packaging SC250 Magenta Packaging C350 Aqua Packaging P550 Purple Packaging
(b) Type 5.B, Permanent turf reinforcement mat	P300, SC250, C350, P550
(c) Type 5.C, Permanent turf reinforcement mat	C350, P550
